INTRODUCTION

This internship report outlines the opportunity associated with my internship at SmartED Innovations, beginning with on-the-job training from 26-03-2026 and extending into a six-month internship period. As a Seventh Semester B.E student in Computer Science and Engineering (AI & ML) at Global Academy of Technology, this role gives me practical exposure to business growth processes, customer interaction, payment-oriented performance expectations, and professional work discipline within an edtech environment.

ORGANIZATION PROFILE

SmartED Innovations is presented in the offer letter as a structured and merit-driven organization where employees are expected to understand the company's products, customers, and business processes in a practical way. The role design, training period, incentives, and performance targets indicate a business environment focused on disciplined execution, customer conversion, and measurable outcomes.

The company's approach emphasizes professional accountability, confidentiality, communication standards, and consistent performance. This makes the internship relevant for students who want to understand how growth functions operate in a product-driven and customer-facing organization.

INTERNSHIP DETAILS

- **Organization:** SmartED Innovations
- **Role:** Business Growth Specialist
- **Training Period:** 26-03-2026 to 04-04-2026
